## HAITI REBEL GROUP TAKES ARMY POST

PORT-AU-PRINCE, Haiti (AP)—A band of exiled army officers seized barracks next to the National Palace early today but the rebels were reported wiped out in a swift government counterattack. The band, believed to number no more than six, landed by launch under cover of darkness, commandeered trucks and seized the yellow stucco Casernes Dessalines back of the palace shortly after midnight. The band captured 50 soldiers after a brief clash in which the army said four soldiers were killed.

PORT-AU-PRINCE, Haiti (AP)—A rebel group captured Dessalines army barracks next to the National Palace today and the government called upon the people by radio for support. Radio Port-au-Prince said the rebels were supporters of former President Paul Magloire, now in exile in the United States. It also said two Americans were in the rebel group. Shooting broke out shortly after midnight.

A succession of radio announcements over the only station in operation this morning urged the people to arm themselves and go to the palace to defend President Francois Duvalier. The radio also summoned all soldiers to the palace.

The situation was extremely confused and no one seemed to know what was going on. Among the armed civilians in the streets was the underminister of commerce, Leon Chauvet.

A newspaper reporter asked Chauvet what was happening. "I don't know yet," he replied. Magloire was overthrown by a general strike in December 1956 after serving as president six years. He is now in New York City.

The radio said rebels also had seized the army barracks at St. Marc, about 100 miles north of Port-au-Prince. St. Marc is a small port city with a highway (Turn to Page Seven)

## "Flying Sausage" Bugged Down in Pea Soup Today

LAKEHURST, N.J. (AP)—The "Flying Sausage" was bogged down in pea soup fog today, but its crew hoped to have it high and dry in the sky again soon.

The 343-foot Navy exploration blimp, carrying a crew of 14 and a group of International Geophysical Year scientists, is bound for the ice island known as T-3, a floating weather station in the Arctic Ocean.

If the expedition is a success, the ZPG-2 blimp will be the first Navy airship to fly over the North Pole.

But the Flying Sausage has been dogged by bad weather since it took off from South Weymouth, Mass., Sunday night on what was to have been the first leg of a flight to Churchill, Man.

Foul weather along the East Coast kept the blimp grounded for a day.

## Soap Box Derby "Car Lift" Scheduled for August 17th

All boys who participated in the 1958 Soap Box Derby will have an opportunity to cheer Manfred Rydholm, Warren's representative to the All American, to victory. Warren's Soap Box Derby was sponsored by the Jaycees, Dan's Chevrolet and the Warren Times-Mirror.

According to Derby Director Harry Spackman, the boys will leave the Beaty Junior High School at 7:00 a. m., DST, the morning of August 17 and return to Warren upon conclusion of the Derby. The Jaycees will furnish each boy with a reserved ticket and transportation to the All American Derby. Boys must furnish their own meals. Postal cards containing infor-

TWO AT A TIME—Mrs. Judith Murphy, 20, holds her latest armful of babies in a Cedar Rapids, Iowa, hospital. They're her third set of twins in 27 months, giving her a total of four boys and two girls. She'll take them home to husband Eugene who says his "nerves are on edge a bit" with a two-bedroom house. (NEA Telephoto).

## Goldfine Faces the First Action Toward a Contempt Of Congress Proceedings

WASHINGTON (AP)—House investigators today recommended contempt of Congress proceedings against Bernard Goldfine, gift-giving friend of presidential assistant Sherman Adams. Chairman Oren Harris (D-Ark.) said the investigating subcommittee's recommendation would be submitted as soon as possible to its parent, the House Commerce Committee.

If endorsed by the full committee, the contempt citation would go to the House.

And, if approved by the House, it would go to the U. S. district attorney for handling as a criminal case.

It will have to be done quickly to get action at this session of Congress, Harris told newsmen after a 40-minute closed session of the subcommittee.

The subcommittee carefully laid the groundwork for its action several weeks ago, demanding answers to a series of 23 questions about the Boston millionaire's financial dealings. Goldfine with equal firmness refused to answer, contending the questions had nothing to do with the subcommittee's inquiry on whether improper influence had been brought on federal agencies.

Goldfine readily answered numerous other subcommittee questions, claiming a long personal friendship as the basis for his frequent contacts with Adams, President Eisenhower's top aide.

But he contended, as Adams had earlier, that he had received no special favors from government agencies as a result. Subcommittee action would be only the first step toward possible prosecution for contempt of Congress. Action by the full committee and by the House itself would be required to send a recommendation to the Justice Department for action.

The Justice Department then would decide whether court action was warranted, and if so would present the case to a grand jury. A contempt conviction carries penalties up to a \$1,000 fine and a year in jail.

Mr. Spackman also wishes to inform the general public that he has a number of reserved seat tickets available for the All American Derby which is to be held at Akron on August 17. Anyone wishing to reserve a ticket is asked to call 197-R. Jaycees interested in driving boys to the All American at Akron on this date are asked to notify Harry Spackman immediately.

matron concerning the trip and a return reservation card have been sent to each boy who participated in this year's Soap Box Derby. All boys are urged to return these reservation cards to Mr. Spackman as soon as possible.

## BOMB BLAST IN LEBANON KILLS EIGHT

BEIRUT, Lebanon (AP)—An attempt to assassinate Premier Sami Solh missed by a split second today. This and heavy exchanges of gunfire in Beirut emphasized that Lebanon's 81-day crisis is still on despite some expressed hopes for early peace. The incidents coincided with 15 new demands by the opposition National Front just as it seemed possible a compromise might be reached on election of a new president, which some thought might lead to an easing of this nation's problems.

BEIRUT, Lebanon (AP)—Prime Minister Sami Solh missed death by a split second today when would-be-assassins blew up a parked car a few yards ahead of his automobile.

Solh was not hurt but eight other persons perished and a 5-year-old girl was hurt so badly she was given little chance to survive. The dead included a policeman on a motorcycle, three gendarmes, and four persons in a car just ahead of Solh's.

Detonator wires from the exploded car ran up the hillside above the road to a spot from which two men were seen to run away.

It appeared they were trying to kill Solh but pushed the detonator too soon. Had they waited a fraction of a second longer he would have been blown to bits. The incident occurred on a road nine miles out of Beirut.

The Prime Minister passes there daily en route to his Beirut office from his suburban home. The road runs along a sheer drop down to the Beirut River in the valley below.

An American-style car, thought to be a taxicab, had been parked there three days, with a rock under a wheel.

As the Solh procession approached, a policeman stepped forward and asked the green car to pull to the side of the road and permit the Solh car to go ahead. At that moment the explosion occurred, knocking the motorcycle and the green car far down the slope.

Reasons for the attack on Solh were not immediately clear since most rebel animosity in the nearly three months of rebellion has been against President Chamoun.

Parliament Speaker Adel Oseyrzan told The Associated Press there is general agreement among all parties that the army commander, Gen. Fuad Shehab, will be elected to succeed pro-Western President Camille Chamoun.

Oseyrzan said Shehab would get a virtually unanimous vote when Parliament meets to elect a president Thursday. (From Page One)

## Little Bank in Jersey Ordered To Be Liquidated

EDGEWATER, N. J. (AP)—A little bank was dying today. Charles R. Howell, state commissioner of banking and insurance, ruled Monday the Manufacturers Bank here should be liquidated.

It was the first forced bank closing in New Jersey in 20 years.

Howell said the fatal illness was a form of malnutrition—not enough assets to be hearty and some of the assets allegedly forged. A trio from Bergen County tried to breathe new life into the bank after Howell ordered it seized 12 days ago but the commissioner said they didn't put up enough money.

Howell and other officials have said few of the estimated 2,100 depositors will lose money from the bank closing. The bank, in this small Hudson River town across from New York City, has two million dollars in deposits.

The Federal Deposit Insurance Corp. was ready to begin mailing checks to the depositors today, up to the limit of \$10,000.

## Executive Is Scheduled To Visit the Institution From 12:45 to 3:00 in Afternoon

Times-Mirror learned early this afternoon from an authoritative source that Governor George M. Leader will make an inspection tour of Warren State Hospital tomorrow afternoon from 12:45 to three o'clock.

It is expected Governor Leader and his party will be luncheon guests of the hospital prior to his tour.

At four p. m. tomorrow afternoon, Governor Leader is scheduled to meet with Kane Area Industrial Development Corporation in Penn Kane hotel. Leader has taken personal interest in Kane's efforts to obtain new industry and will meet with KAIDC on the Kane program.

The Kane conference is a "summit meeting" on the KAIDC program which is moving in climactic stages through the Pennsylvania Plan toward an objective of revitalizing the industrial economy of Kane area in a long range program.

Mr. Satterwhite, one of the owners of Kane Republican and prominent in Democratic party leadership, said the meeting in Kane is non-political. He will accompany Governor Leader in

GOV. LEADER

Bradford with industrial leaders on the program of that city.

Whether the Governor has any appointments in the Warren area other than his visit to the Hospital could not be learned.

## First Adventurer in Outer Space Is Slated New Yorker

Hollywood (AP)—The man now designated to be America's first venture into space is a poised New Yorker who takes the assignment in easy stride.

Sometime within the next two years, if everything goes according to schedule, Air Force Capt. Robert M. White will be piloting the X-15 higher than man has ever flown.

The Air Force predicts the research plane now under construction will have an altitude potential of 100 miles.

It wasn't until last weekend, when his good friend Capt. Iven C. Kincheloe was killed in a jet crash, that White knew he would be replacing Kincheloe as the No. 1 man in the highly secret X-15 program.

Prior to that, he had been Kincheloe's "backup pilot."

How does he feel about his new status?

"I'd feel fine about it if it had come about in any other way. As an individual Kinch cannot be replaced. He was an entity in himself."

Tanned and trim, White has a handsome combination of blue eyes and brown hair that makes him look younger than his 34 years.

His natural poise is backed up by experience—4,200 hours as a pilot, including 52 combat missions in World War II and Korea.

It was during the Korean War that White made application for the flight test center at Edwards Air Force Base, his station the past four years.

White married the former Doris Allan of Wilkes-Barre, Pa. 10 yrs. ago in his native New York City. They have two youngsters.

## Meadville School Board Seeks Fund From State

MEADVILLE, Pa. (AP)—The Meadville Area School Board says it will take legal action to collect \$25,000 from the State Dept. of Public Instruction.

Board members said Monday night that the board had leased a high school building from the Meadville School Authority and that the state had agreed to pay part of the cost.

The state, board members said, still owes \$25,000 under the agreement.

Board members also voted to appeal orders by the Public Instruction Department to reinstate Louis Varricchio as a teacher with back pay. The board dismissed Varricchio in 1957 on charges of misconduct.

## Britain in Hassle Over What Announcers Wear

LONDON (AP)—A decision by the British Broadcasting Corp. to let television announcers wear business suits instead of dinner jackets on night programs was denounced by a British style expert today as "bad manners and a retrograde step."

John Taylor, editor of Tailor and Cutter commented: "If a man is being looked at by millions he should be sartorially correct. The BBC... should continue to set an example by doing the right thing visually."

"We are moving with the times," said a BBC spokesman. "This is part of our new informal approach."

## CHANCES FOR EMERGENCY MEETING KILLED OFF BY LATEST KHRUSHCHEV NOTE

By JOHN SOALI

WASHINGTON (AP)—President Eisenhower is reported set to denounce Soviet Premier Khrushchev's new proposal for a quick Middle East summit conference outside the United Nations.

Eisenhower is understood to be ready to reaffirm his willingness to attend a summit parley—but only within the 11-member U. N. Security Council in New York.

Barring a sudden Soviet flip-flop, Khrushchev's angrily worded letter appeared virtually to kill chances for any emergency heads-of-government meeting in the near future on the Middle East crisis.

Officials assailed Khrushchev's message to Eisenhower as vicious and insulting. The harsh tone, they said, was clearly that of a man more interested in making propaganda than in meeting calmly with Eisenhower.

Eisenhower will most certainly, they said, reject as unacceptable Khrushchev's bid for immediate five-power talks in Moscow or any other European city.

Some authorities felt Eisenhower should counter Khrushchev's blast by announcing he will show up for a high-level Security Council meeting, whether or not the Soviet leader shows up.

They recalled that the Soviet Union threatened to boycott the current Geneva technical talks on

## Governor Faubus Hoping Voters Will Endorse Him

BULLETIN

LITTLE ROCK, Ark. (AP)—A fairly heavy early vote was reported today as Arkansas decided whether to nominate Gov. Orval Faubus to a third term. The first returns came from the Mount Olive community near Melbourne in north Arkansas. Fourteen voted for Faubus. His opponents received no votes. Faubus, hoping that his stand in the integration crisis would reap a landslide victory, faced two opponents in the Democratic preferential primary. Some 300,000 of the half a million eligible cast ballots, including possibly 50,000 of the 60,000 eligible Negroes.

## Car Price Jack Up Charged in Washington Area

WASHINGTON (AP)—Forty-two car dealers in the Washington area faced charges today of conspiring to jack up the price of new cars in violation of antitrust laws.

Indictments returned Monday by a federal grand jury also accused the dealers of collusion in setting artificially high prices for parts and repairs.

The indictments were the first returned in a Justice Department probe of car pricing practices. Other grand juries are investigating the car markets in New York, San Francisco, Cleveland and Detroit.

Indicted here were the area's 17 franchised Ford dealers, the 14 Chevrolet dealers and the 11 Oldsmobile dealers. In addition, the Ford Motor Co. and the Greater Washington Chevrolet Dealers Assn. cooperative were charged with joining the conspiracy to fix prices to the detriment of open competition.

## Letter From Community Ambassador in Yugoslavia

Sarajevo, Yugoslavia  
July 19, 1958

Dear Friends:

To begin with I should explain my new situation and how it came about.

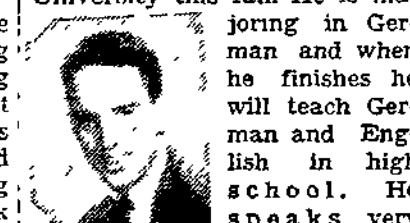

I have a new host, a young man by the name of Tony Segat. He is 25 years old and will begin his fourth year at the University this fall. He is majoring in German and when he finishes he will teach German and English in high school. He speaks very good English and we have no troubles in communicating. Tony has a father, mother and a 20-year-old sister. We live in a small, but comfortable apartment on the edge of the old section of town. We have four rooms and a bath.

The reason I find myself in

this new situation is that one of the girls in our group was living with a family and host who spoke little English. She was having a miserable time and so it was decided that she would move in with my old host, Nigara, and a new one would be found for me.

Tony had wanted to take an experimenter but he was not in Sarajevo when the applications were filed for taking them. Leaders of the Yugoslavia group were aware of this and it was arranged in two days that I would go to live with Tony. I have been very happy here and I feel that it was a good change because the girl who was so unhappy is now very happy and getting along just fine.

The past week has been another full one for Tony and me. We have had numerous meetings and interviews with many of the town's leading citizens. We have also found time to see much of this beautiful city. (Turn to Page Seven)

## Congressman Calls Attention To Annuity Law

Congressman Gavin stated today that he thought it important the public be fully informed of a provision in the newly enacted Public Law 465 which relates to Civil Service annuities.

The new law provides new survivor annuity rights for widows or widowers of Federal employees or retirees who died before February 29, 1948.

Mr. Gavin said the law gives annuities up to \$63 a month, for the first time to this group of widows and widowers.

Eligibility requirements for the new survivor benefits provide:—The husband (or wife) who died before February 29, 1948, (1) must have worked for the

United States or the District of Columbia Government for at least 10 years, including any military service; and (2) at the time of his death, he must have been employed in a position covered by the Civil Service Retirement Act, or have been retired and receiving civil-service annuity checks.

—The widow or widower (1)

### IF THE SHOE FITS

must have been married to the deceased at the time of his death and for at least five years before; (2) must not be receiving any other civil-service annuity based on the Government service of the deceased; and (3) must not have remarried.

All of these requirements must be met. A widow who remarried after her husband's death would not be eligible even if she were since divorced or her later husband died. Similarly, if her husband did not die in Government service or while receiving civil-service annuity checks, she would not qualify for benefits.

Congressman Gavin stated that any person meeting the requirements should write to the Retirement Division, U. S. Civil Service Commission, Washington 25, D. C.

## Lengthening of Average Lifetime Is Leveling Off

NEW YORK, N. Y.—The remarkable progress of this century in lengthening the average lifetime of the American people has leveled off in recent years, according to statisticians of the Metropolitan Life Insurance Company.

The expectation of life at birth in the United States reached a peak of 69.6 years in 1954, dipped slightly to 69.5 in 1955, and again equaled 69.6 in 1956. Mortality data now available indicate that the 1957 figure was somewhat lower than in the years immediately preceding, reflecting the effect of the influenza epidemic in the last quarter of the year.

A comparison of 1900 and 1956 mortality figures dramatizes the progress made in this century in increasing life expectancy, the statisticians report. The 1956 average exceeded by more than 20 years the figure at the turn of the century.

According to 1900 mortality conditions, 25 per cent of the newborn would fail to reach their 25th birthday; now only 5 per cent are not likely to attain that age. Similarly, half the children born at the turn of the century could expect to survive to age 58; currently half the newborn can expect to reach age 73.

In 1956 the expectation of life at birth for white females was 73.7 years. For girls at age 5, 70.5 years of life remain, about 60 years for those at age 16, and 50 years for those at age 26.

For white males, the average length of life in 1956 was 67.3 years, or 6.4 years less than that for females. The difference lessens from 6 years at age 9, to 5 years at age 41, and to 4 years at age 56. The differences between the sexes were considerably smaller around 1900; namely, less than three years at birth and only about one year at age 56.

Among nonwhite persons, the expectation of life at birth in 1956 was 61.1 years for males and 65.9 years for females. The average length of life for the nonwhites still lags considerably behind that for the whites. The difference amounts to as much as 7.8 years among females and 6.2 years among males.

"The improvement in mortality and longevity has been greatest for children and young adults," the statisticians conclude. "Thus, since 1900-02 the expectation of life has increased 11.7 years at age 5 and 8.5 years at age 25. Although the gains have been much smaller past middle life, even at age 65 the average remaining lifetime has been extended 2.3 years. Currently, the expectation of life at age 65 is more than 14 years."

## Industrial Representatives Meet With C.D. Officials To Discuss Emergency Plans

Representatives of industries, banks, stores and Warren General Hospital met with Civil Defense officials yesterday to begin a study of what to do in case of an actual warning. W. C. Fuellhart, director of Warren County Civil Defense, advised them to consider the various problems which would differ in each plant or business.

"You may want to send all your personnel home, or keep a certain number of key men at the plant," he said. "These should be trained in using instruments to find out how much radioactive fallout is in the air. They also must take adequate shelter, below ground."

"In some plants an expensive process might be under way at the time of a warning siren, posing a special problem. Fires must be avoided. After such a national emergency as a real attack, we would want these plants to get started again quickly. The life of the country would depend on them," he commented.

Fuellhart again stressed the need for convenient radios to be switched on immediately if the siren should sound. The sirens cannot be heard in portions of some local plants, another problem to be solved. Answering a query, he said Civil Defense instructions over the radio would offer such information as whether tap water is safe for drinking purposes, as well as general guidance during the four to seven days of shelter from fallout.

Business men would not be able to use the telephone for last minute instructions. They were reminded by Edward Lynch, representing the Bell Telephone Company, that local operators would themselves be

taking shelter. A monitor system worked out by the company would be used for the Civil Defense organization.

James Wright, head of the Radiological Division, offered to visit any industry to train safety engineers and selected employees in fallout precautions and detection.

"So far, 172 men and women in the borough and county are educated to use the instruments which would tell us how much radioactive dust is in our air," Wright said. "If we were ever bombed, we would try to get information on fallout from these teams, and broadcast it."

Joseph Williamson, administrator at Warren General Hospital, spoke of the delicate precautions used at the hospital in handling radioactive materials.

"We have the instruments Mr. Wright described," he said. "You can't be too careful in dealing with radioactivity."

Howard R. Lauffenberger, of Pennsylvania Furnace and Iron, accepted the chairmanship of a committee to work out the tremendous problem of traffic control in the event of an actual warning signal. As chairman of the Manufacturers Division of the Chamber of Commerce, he said he expected to confer with David Levine, borough Civil Defense director, and the Chamber group.

Richard M. Ross, C. of C. Retailers chairman, asked Wright to meet with the retailers Monday. After the luncheon Wright was also asked to schedule visits to National Forge, Penn. Furnace and United Refining. Levine invited him to address a forthcoming Industrial Safety Council, representing nine counties.

## Rotarians Hear Forest Director

Warren Rotary Club listened to a classification talk on the U. S. Forest Service at its weekly luncheon-meeting at the YWCA activities building Monday noon.

John Eranson, club member and supervisor of the Forest Service in Warren, Forest, McKean and Elk counties, discussed the services of his department in relation to other agencies, such as the State and Federal Fish and Game Commissions, State Forestry Department and Wildlife Commissions. The speaker was introduced by Gil Buerkle.

Club President Frank Perrin announced the Rotary District Workshop to be held at Edinboro State Teachers' College Wednesday afternoon and evening, August 6, under the direction of District Governor Herman Offner. Also, he announced a meeting of the Warren Club board of directors, to be held at the home of Neal Culbertson Monday evening, August 4th, at 8:00 p. m.

One visitor was present, Park Stoke of the Modesto, Calif., Rotary Club.

## Timely Warning Issued by Truck Drivers of Nation

WASHINGTON, D. C.—Professional drivers and vacationing travelers today were warned of the increase traffic hazard from the rise in the roadside stand business during the harvest months.

In an appeal to drivers, the American Trucking Associations said new stands will open up and the stands that have been open will be doing a rush business. This means a sharp increase in hazards resulting from drivers suddenly leaving or entering the highway.

The ATA Safety Department pointed out that motorists should be on guard whenever there is a group of cars parked around any roadside place of business. "You never know when one of them may suddenly break out into traffic," they reminded.

The trucking industry safety experts said drivers also should be alert to the driver ahead suddenly stopping to turn off the highway. Accidents can be avoided, they advised, by keeping a safe distance from the car ahead—approximately one car length for each 10 miles per hour of speed.

"Finally, be careful, yourself, when pulling in or out of truck stops," the safety men warned. "Try to stick to stops on your own side of the road so you won't have to cross the highway entering or leaving. When you turn off, slow down gradually and signal in plenty of time to warn following traffic. When you leave a roadside stand, stop before entering the roadway in a position from which you can accurately check the traffic."

**GRIM REAPER BUSY**  
The Grim Reaper has been taking a heavy toll of valued citizens during the past few days in the passing Sunday at his home in Rankin street of C. K. "Mac" McGary, the sudden death Monday noon at the hospital of Harold A. Ross, Hazel street, the passing last evening at the hospital of W. H. "Bill" Kallenbach, Warren-Jamestown Road, and Merle J. Gaghan, 107 Center street.  
Seldom in recent years has such a toll been recorded in so short a period. All fine and upright residents of the community, no better tribute can be paid them than to say that in every way they measured up to the highest standards of humanity.

**JOLLY GOOD, WHAT?**  
The British regard for tradition will always be rather baffling.  
For instance, before there was a Parliament, women members sat in the Saxon assemblies. But when Parliament was invented 700 years ago, precedent was ignored and women banned from its upper chamber. Now, "at long last", the House of Lords has just admitted four ladies—for whom some new plumbing is now being installed.

Furthermore, only two of them had adequate titles for the House of Lords, so Her Majesty conferred suitable peerages on the other two. But they will not be able to hand them down. The same arrangement applies to male candidates who are not "Lords"—that is barons or better. And it all comes about because the Labourites took a dim view of some of the congenial peers in the House!  
More peers will make it more democratic. Get it?

**EFFECTIVE ADVERTISING**  
As the Brussels Fair gets into the stretch run, reports from Belgium indicate that the United States pavilion is winning the race over the Russians' entry.  
The Reds have a big, blustering glass box. On the other hand, our perfect jewel of a pavilion impresses with its beauty and is so well proportioned that the visitor forgets whether it is large or small. Current American visitors feel that the cultured European with some appreciation of art is getting the point.

**Marlow Looks At TODAY'S NEWS**  
By JAMES MARLOW  
Associated Press News Analyst  
WASHINGTON (AP)—The summit meeting, which now looks dead, was a mixed-up mess before it had a chance to start. This is an explanation of how it was shot before it was born.  
Soviet Premier Khrushchev on July 19 called for a summit meeting to restore stability to the Middle East. This was after American and British troops moved into Lebanon and Jordan at the request of the heads of those governments.  
He called the American British action a threat to world peace. He suggested the United States, the Soviet Union, Britain, France and India take part in the meeting. The place? He proposed Geneva, Washington, anywhere.  
By thus putting the Soviet Union in the role of peacemaker, he gave the Soviets a propaganda advantage. The West couldn't ignore it.  
British Prime Minister Harold Macmillan agreed to the meeting July 22 but suggested it be held in the United Nations Security Council in New York. And he made a very important point.  
He suggested that the big powers should not—as is usual in the Council—vote on the problems discussed, but rather that they try to reach agreement without voting.  
The United States, Britain, France and the Soviet Union—but not India—are permanent members of the Council. They have regular delegates sitting in for them. If a summit meeting was held in the Council the delegates would just turn their seats over,

Over in St. Mary's considerable controversy has been created in wake of a recent school board ruling that dungarees would be banned at Public High School in the term starting this September. According to an editorial in The Press the motion to adopt the resolution gained almost unanimous backing, only one "nay" being registered. The Press article goes on to say: "This paper has received some 'Mail Bag' communications relative to the dungaree banning, some in favor, some critical. We think it's high time someone comes to the defense of elected officials in borough and township offices. Their lot seems to be one of constant abuse and the strange part of it is, those who do all the squawking never run for office themselves where they can be subject to the same criticism they peddle out to others. If the school board ruled against dungarees you may be sure there was some specific reason for it. These things are not steamer rolled through any one particular meeting as we can vouch for from personal experience as we have been covering these meetings the past several years, missing but one session in that length of time. We understand Central high school authorities banned dungarees several years ago, and as far as we can recall no letters were sent to the Mail Bag on that occasion. If trousers other than dungarees can be purchased for practically the same price what objection can be raised? If you dress a young man up he will act the part, take pride in his personal appearance, that's to his credit and to the school board that insisted the time had come for a change."

**Russian Bear Gets Paws In Middle East Situation**  
BY PETER EDSON  
NEA Washington Correspondent  
WASHINGTON—(NEA)—After insisting that Soviet Russia had no interest and no business in the Middle East, President Eisenhower and Secretary of State Dulles now find themselves boxed into talking about it to Communist boss Khrushchev at a special United Nations Security Council meeting.  
This may be just the beginning. From now on, when any Middle East problem arises, Russia will have to be consulted.  
To gain access to the warm-water ports of the southern Eurasian land mass has been a Russian ambition since the days of the czars. There have been several such attempts since the end of World War II.  
First was Russia's move into northern Iran, heading for the Persian Gulf in 1946. Next came pressure against Turkey for greater control of the Bosphorus, Sea of Marmara and the Dardanelles.  
Then there was the Communist uprising against Greece, for direct access to the Mediterranean.  
Finally, the Communist aggression against Korea in 1950. Now there is interference in affairs of the whole Middle East.  
**ALL THE ECONOMIC REASONS** why Soviet Russia doesn't need the Middle East are apparent. The Arab countries are primarily producers of oil—almost their only natural resource.  
Russia is also an oil producer. Already it has an excess capacity. Russia is not now a first-rate maritime power. It has until recently not been a trading nation. It has needed all its productive capacity for internal development. But that picture is changing.  
What free nations are up against now is ambitious, expanding, international communism. It is interested in world conquest—economic and political as well as military. It will take anything it can get.  
**SO NOW THE WESTERN POWERS**—principally the United States and the United Kingdom—have blundered into a situation in which they must deal with Russia on future of the Mideast.  
It is further complicated by the fact that President Eisenhower and Secretary of State Dulles have argued all along that there should be no summit conference without adequate diplomatic preparation. They have now eucured themselves into a conference for which there will be no preparation.  
**MANY PEOPLE IN WASHINGTON** and elsewhere throughout the world are trying to figure out how all this happened.  
It can be traced back, as some critics have done, to the establishment of Israel in the heart of a hostile Arab world.  
It may have had its beginnings in America's withdrawal of support for Egypt's Aswan Dam project.  
It could be laid to failing to make a partner of growing Arab nationalism and to giving too much support to decadent kingdoms instead of to democracies.  
It will be attributed by some historians to too much support for dying British and French colonialism.  
On the other side of that argument, American insistence on ending the British-French-Israeli invasion of Egypt after nationalization of the Suez Canal can be listed as one reason for failure to meet the challenge of Nasserism head-on and earlier.  
The Baghdad Pact—which many U.S. career diplomats have not liked—and the Eisenhower Doctrine—which has not worked—can catch a share of the responsibility.  
Finally, the wisdom of ordering American Marines into Lebanon and British paratroopers into Jordan is now being questioned.

**Business Mirror**  
By SAM DAWSON  
AP Business News Analyst  
NEW YORK (AP)—The insurance salesman is plying a two-way street across our northern boundary. The busy financial thoroughfare between Canada and the United States shows a traffic increase today in insurance as well in capital investment.  
Sales both here and there have increased despite the recession. And life insurance policies of all types foreign and domestic — by companies, saving banks, fraternal and assessment organizations and the government's veterans kind — now come to more than 500 billion dollars and involve 121 million Americans.  
Canadian companies sold nearly one billion dollars of life insurance to Americans last year for a gain of 90 million dollars over 1956. U.S. companies peddled more than 1½ billion dollars in policies to our northern neighbors for an increase of almost 300 million dollars.  
The Canadians are particularly strong at selling annuities to Americans, U.S. salesmen at selling ordinary life policies.  
But the recent spurt on the part of American salesmen hasn't had too much effect yet on the overall exchange of American and Canadian dollars in premiums and benefits, both of which are in pretty close balance. This could be changed in the future if the American gains of the last two years fell into a definite trend.  
Capital investment by Americans in Canadian securities and in development of Canadian resources has fretted some Canadians who fear it might lead to financial influence over Canada.  
In the case of the insurance companies, however, total outside investments are still in favor of the Canadians. The 12 Canadian companies doing business in this country have invested 1½ billion dollars here. The 35 U.S. companies doing business in Canada list less than 1½ billion dollars in assets there.  
Figures from America's Institute of Life Insurance and from the Canadian Life Insurance Officers Assn. show that in 1957 the 12 Canadian companies had 199 million dollars in premium income from policies in force here, while the 35 U.S. companies garnered 191 million dollars from Canadians. The Canadians' score on annuity premiums was 46½ million dollars to the Americans' 10½ million.  
Both sides gained over 1956 when the Canadians took in 188½ million dollars and the Americans 176½ million.

## United Natural Gas Co. Picnic Enjoyed by 3000

The Derrick: This year's Annual United Natural Gas Company Picnic was held Saturday at Wildcat Park, Ludlow, Pa. Approximately 3,000 persons attended.

Included in the day's activities were amusement rides for the children, a Games Program, an Entertainment Program, and both round and square dancing.

At 10:30 a. m. the Games Program got under way with various events being held and prizes awarded to all age groups. Time was taken at 11:45 a. m. for a huge picnic lunch, during which coffee, ice cream and soft drinks were furnished by the company.

Then at 1:30 p. m., interest was aroused by the entertainment program, with opening remarks by J. G. Montgomery, Jr., company president.

The visiting officials from the sister companies were introduced—W. H. Locke, president of National Fuel Gas Company, New York; S. H. Nichols, president, H. D. Clay, executive vice president, and Roger Cobb, vice president of Inogquois Gas Corporation, Buffalo, N. Y., and D. E. Conaway, president and Neil B. Donovan, vice president of Pennsylvania Gas Company, Warren, Pa.

Introduced next was Mrs. Esther Jones of Sharon who won the title of "Miss United Natural Gas Company" in the Miss America Contest this past spring.

Following this was an interesting and colorful exhibition of Western Style Square Dancing by the Circle Square Eight Club which boasts several UNG Company employees as members. The instructor and caller for this group was Howard Liffick, Franklin, who is nationally known as a Western Style Square Dance caller.

Then the Indian Bonnettes of Oil City, headed by Miss Carolyn Vehler, head majorette of Kent State University's Marching Band, presented one of their many famous routines in twirling, drilling, marching and dancing.

Two Door Prizes were awarded to John H. McIntyre and Willis M. Webster.

Following the Entertainment Program and completing the day's activities was the program of both round and square dancing in the Park's Dance Pavilion with music by Abbie Neal and her Ranch Girls.

Co-Chairmen for this year's picnic were A. D. "Bud" Marks and Mary E. Moore of the Oil City Office.

## Lake Chautauqua Lutheran Camp Is Dedicated

The Lake Chautauqua Lutheran Camp, acquired by the New York Conference of the Augustana Lutheran church in 1957, was formally dedicated at 4 p. m. Sunday.

The camp is comprised of 80 acres on the north shore of Chautauqua Lake and has between 1,200 and 1,300 feet of lake frontage.

Dr. Thorsten Gustafson of East Orange, N. J., president of the New York Conference, was the dedication speaker.

The camp is one of two owned and operated by the New York Conference. The other camp is located in the Catskills.

James Pearson of Zion Lutheran church, a son of Mr. and Mrs. Paul Pearson of 840 Al-lengheny Avenue, is a member of the camp staff. This is the first season the camp has been in operation.

About eight campers from Zion Lutheran church have so far attended camp session. Young people and adults of the church are participating at various times in camp activities.

## Boyle's Comment

By HAL BOYLE

NEW YORK (AP) — Unlike many professional comedians, Henny Youngman doesn't discourage newcomers from trying to find a career in the yuk industry.

"People say 'Cut out the comedy,'" he remarked. "But don't believe them. There's a million dollars in it if you can make enough people laugh."

"In what other business can you make a million dollars—and carry your inventory in your head?"

Youngman, celebrating his 25th year as a one-man gag factory, has long been known in the trade as one willing to help a talented young beginner find his way around.

What does it take to get started as a comedian today?

"The thing you need most today is wealthy parents, or a do-it-yourself comedy list consisting of \$50,000 in the bank," said Henny.

"You start out by telling jokes until you become the life of any party you attend. Then someone will tell you, 'You're a riot. You ought to be on the stage.'"

"After that you go to a dictation school and learn to talk with your mouth full of marbles. Each day you drop one marble. When you've lost all your marbles you'll be a comic."

"Then you take your \$50,000 out of the bank and spend it buying fresh jokes, costumes, building a number of routines, and finding an agent. By the time you've spent the \$50,000 you should be working — or else you'll never laugh again."

Henny has an unfair advantage over most comedians. He was born in Brooklyn. But he insists he became a comic in self-defense.

"I was a fiddler in a dance band, and a lousy one," he admitted. "The couples used to make comments on my playing as they danced by, and I started to wisecrack back. Things just went on from there. I used my bow less and less — and my mouth more."

Henny is what is known as a standup comedian. They have one of the toughest jobs in show business—to go out cold on a stage, without props or plot, and make an audience of strangers laugh, whether they want to or not. This is an art which even Jackie Gleason, one of the most astute situation comedians of his day, has never quite mastered.

## Polio Upturn Causes Public Health Warning

WASHINGTON (AP)—The U. S. Public Health Service, noting an upturn in polio cases, urges people under 40 who haven't had polio shots to get them at once.

Dr. Leroy E. Burney, U. S. surgeon general, said the week ended July 19 marked the first time this year the number of paralytic cases has exceeded those for the comparable week in 1957. The total for the week was 52, the highest for any week this year, and compared with 50 for the like week last year.

If this should prove to be a year of natural high incidence, he said, there might "be many cases among the 35 per cent of the population under 40 who are not fully vaccinated."

## Civil Defense Authorities Offer Advice to Housewives Preparing for Emergency

Housewives can play it safe these days by gathering a small supply of canned foods to store in the basements of their homes. Civil Defense authorities advised such a precaution last week. Many Warren homemakers are buying extra food during the weekly marketing and stashing away a few duplicate items in the basement.

Safe drinking water is more important than food, but a recent federal booklet states it is not necessary to boil the water before storing it in clean glass jugs or fruit jars. It should be stored in a dark place in the basement, and refilled every three months, after the jars have been rinsed. A gallon per person is advised.

In case of an enemy attack on the United States, Warren would be in danger of radioactive fallout from bombs on Erie, Cleveland, Detroit or Flint, Mich. Therefore, families should plan shelter along the west walls of basements, stocked for four to seven days.

Foods that can be eaten without heating should be stored, including canned meats and fish and fruit juice. Milk and ice cubes and other supplies can be sent to the basement after the warning siren would sound, but if 30 minutes is the only time for preparation many supplies should be on hand in the shelter.

Turning on the radio first continues to be the topmost instruction from Civil Defense. Radio networks would switch

to a Government frequency in such an emergency.

Federal Civil Defense is now flooding Warren County CD headquarters with such advice for hom-makers:

"Waiting until something happens before you draw and store the water you need could cost you your home, or even your life."

These authorities list a well-balanced supply of emergency canned food: fruits and juices, vegetables, soups, milk, canned meat and fish, raisins, chocolate, packaged cereals, dried foods. They also recommend tea bags and instant coffee, although canned heat is not advised because of the possible danger of fumes.

Other items which might be gathered for the basement now are a supply of soap and sanitary equipment, a garbage container, towels, eating utensils, paper plates and napkins. Each housewife will think of many needs, but precautions are urged now.

Natives of the Faeroe Islands, which are about half-way between Iceland and Scotland, catch seabirds with nets on long poles. But, they catch no birds carrying fish. This is a sign they are bringing food to youngsters in their nests.

Autumn begins Sept. 23 at 8:10 p. m. (EST) when the sun stands directly over equator at a point about 1,000 miles south of Dakar, French West Africa.

## Mercer's Column

By RALPH DIGHTON

HOLLYWOOD (AP) — A wise man once pleased his king so greatly that the monarch told him, "as a reward you may have anything you desire, up to half my kingdom."

"Sire," said the wise man, "my desires are very simple. I would be more than content if you would reward me in grains of wheat, in this manner:

"Lay one grain on the first square of a chess board. On the next square, two grains. On the third square, four grains. And so on for each of the 64 squares on the board."

The king thought this was a small request, until he tried to pay off. There wasn't that much wheat in his kingdom, or even in the world.

This is one of the "Tales of the Universe" that research scientist Dr. Heinz Haber is bringing to television this fall.

How many grains of wheat did the wise man actually request? "The figure is astronomical," said Dr. Haber, "and for all practical purposes, meaningless. You can get a pretty fair idea of it, though, if you say that all the wheat harvested in the world since Christ was born wouldn't be enough."

Dr. Haber, science consultant for Walt Disney Studios and Television Station KNXT, has worked up 52 half-hour programs, each answering such apparently simple questions as "why is the sky blue?" and "why do stars have such funny names?"

The show, which will start about Oct. 1, is aimed at adults, but youngsters probably will enjoy it, too. It will be telecast locally on KNXT the first few weeks. If it clicks, Dr. Haber says, there are plans to put the program on the CBS network.

Tall, handsome and friendly, Dr. Haber could become a new TV personality. At 45, with 20 years of scholarly research be-

hind him, he believes his scientific career is only beginning. "Some years ago I came to the realization that Americans are not really afraid of science," he says. "They just need someone to explain it to them. Who is better qualified to explain science than a scientist?"

"The trouble is, so many scientists don't want to bother—they're too busy. This program is designed to let down the drawbridge to science's ivory towers."

Dr. Haber has made a specialty of letting down drawbridges in the past few years. In 1953 he wrote a book, "Man in Space," which became the title of a Walt Disney TV show. He narrated the portion of the program which dealt with space medicine, a field in which he pioneered at the Air Force School of Aviation Medicine at Randolph Field, Tex.

Haber, born May 15, 1913, in Mannheim, Germany, won his doctorate in astronomy in 1939 during World War II. He was chief of the department of spectroscopy at Kaiser Wilhelm Institute. After the war, American occupation forces hired him to instruct military personnel and in 1946 he was sent to Randolph Field, where he remained five years. In 1952 he joined the faculty of the University of California at Los Angeles. When his work with Disney began taking most of his time, the university gave him a leave of absence but still listed him as "visiting professor."

SPADES ARE LUCKY SUIT

By OSWALD JACOBY

Written for NEA Service

The late P. Hal Sims claimed that superstition had no place in a card game, but if he did have a luck suit it was spades.

Of course, that is a pretty good superstition to have since the spade suit outranks all others and the man with spades can outbid anyone else.

In a recent duplicate most North players liked their de-

fense against hearts to such a great extent that they stayed out of the bidding and watched their vulnerable opponents bid and make an easy heart game.

Frank Farley of Fort Worth chose to make a light takeout double and his partner Bill Shurtleff went on to four spades which East doubled.

West opened the ace of diamonds and continued the suit. Bill ruffed in dummy and played the king of spades. East took his ace and led the singleton club. Bill went right up with the ace; ruffed his last diamond with dummy's ten of spades; led dummy's last spade and finessed against East's jack of trumps.

He wound up by pulling East's last trump and conceding a trick to the king of clubs. Four spades doubled and made constituted a fine top, but the funny thing about the hand was that four spades down one or two would still have been top. Every other North-South pair let East and West make their heart game.

## Three Local Persons Are Early Nazarenes

Six Pennsylvanians are among 889 living pioneers in the Church of the Nazarene, which is celebrating its denominational golden anniversary this year, and three of these are well known local persons:

Mrs. Cyrus F. Heald, 206 Grant street; Mrs. Selma W. Miller, 609 Fourth avenue; and O. W. Bennett, Clarendon.

All these pioneers have been members continuously for 50 years or longer and will be especially honored in their respective churches on Anniversary Sunday, October 12. Those able to attend international ceremonies at Pilot Point, Texas, on October 13 will also be honored there.

According to the denomination's headquarters in Kansas City, Mo., there are 160 Nazarene churches in Pennsylvania, with a total membership of 10,400 members; in the nation, there are 350,000 members in 5,000 churches.

Of the 389 pioneers, 103 are ordained elders and, of these, 24 are women, all survivors of 10,414 persons who affiliated originally at union services in Pilot Point on October 13, 1908.

### 'Babied' Teen-Ager May Still Be in Mental Diapers

"My parents treat me like a baby," protests one of my teen-ager readers. Because that complaint is made so often by the young let's talk about it.

If your parents treat you like a baby, it may be that you frequently act like one.

Do you throw a temper tantrum if you don't get your own way? Are you careless about keeping your word, so that your parents are never quite sure they can rely on you to do as you say you will? Do you dramatize the importance of everything that happens to you ("I'll simply die if I don't get to go"), so that your parents have no way of knowing what really is important and what doesn't make a great deal of difference?

Do you let the crowd persuade you to do things your better judgment tells you are wrong, foolish or dangerous?

Is your idea of a valid argument, "All the other kids get to do, so such and such?"

Do you expect your parents to do everything for you, and yet resent it if they ask you to do the simplest little thing for them?

When you are unhappy do you mope around the house until you have the whole family upset?

Do you try to talk your parents into buying you things you know they can't afford?

Do you complain that your allowance isn't enough, instead of trying to supplement it by taking on some lawnmowing or baby-sitting jobs around the neighborhood?

Do you look sulky and bored when your parents try to talk to you or try to explain why they have taken a certain stand on a matter that is important to you?

If most of your answers to those questions are "yes," then there's no wonder your family is still treating you like a baby. You're still acting like one.

### Silver Wedding for Spring Creek Couple

Mr. and Mrs. Wallace Palmer, Spring Creek, welcomed approximately 130 guests on June 20 at open house given by their children to mark their silver wedding anniversary. Entertaining were Mr. and Mrs. Gerald Lincoln, Mr. and Mrs. Robert Robinson, Mr. and Mrs. George Meyer.

Guests calling during the day were from Corry, Columbus, Erie, Cochranton and Roulette, Pa.; Fredonia, N. Y. The honored ones were remembered with many nice gifts, including a purse of money, and a great number of greetings.

Mrs. Palmer wore a white orchid corsage and Mr. Palmer had a white carnation boutonniere. Appointments featured a four-tiered anniversary cake, silver coffee and tea service; also a gift table topped with an archway adorned with silver bells and pink roses.

The Palmers were married July 20, 1933 in Clarion, by the Rev. J. Kent Riser. They have lived in West Spring Creek until recently, when they moved to their present farm. Mr. Palmer is employed by Rogers Structural Steel Company in Corry.

### MARCONI BRIDGE CLUB TOURNAMENT

Nine tables were in play last night for a Mitchell movement game at Marconi Bridge Club's weekly tournament. With average 108 in both fields, top scores were made by the following:

North-South — Mrs. Marion Thompson and R. J. Larsen, Jamestown, 164; J. Howell and J. Bright, 112½; Mrs. Marshall Johnson and Mrs. N. J. Mangus, 108½; Dr. R. H. Israel and John Israel, 106.

East-West — J. A. Bevevino and N. J. Mangus, 129½; Mr. and Mrs. D. E. Conaway, Sr., and Dr. and Mrs. J. Suess, tied with 121½; Mrs. J. A. Bevevino and James R. Valone, 118.

Next Monday night's tourney will be the club's monthly Master Point Night and all are welcome for play beginning at 8:00 o'clock.

### DOWN ONE CLUB

Substituting for R. H. Larsen, A. J. Roth conducted the five-table Howell game which constituted the weekly tournament of Down One Club in Jamestown. Average for the evening's play was 54, with these pairs in top scoring positions:

Dr. R. H. Israel and John Israel, Warren, 67½; D. L. Yetera and J. A. Monaghan, Warren, 67; Mrs. Harry Hendrickson and Mrs. Oscar Hegquist, 58½; Mrs. Marion Thompson and Mrs. Richard French, 53½.

Area players are again reminded the club's monthly Master Point game will be played this Friday night, instead of August 8, with full points and prizes awarded the winners, fractional points going to runners-up.

### FORMER RUSSELL STUDENT HONORED

## Playground Activities

Defending Junior Olympic Track and Field champion, Airport play area, will be out in full force tomorrow afternoon on Beatty field at 2 to ward off challenging playgrounds who will invade the Junior Olympic scene in an attempt to un-throng the three-consecutive-years winners.

Running, jumping, throwing and kicking events have been listed by officials for children from ages 7 to 15.

Closest competition for Airport has come from Crescent playground, runners-up in last year's program. Winners of various events will be presented with ribbons. Second and third place will also receive a ribbon.

Warmer weather last week drew 7,150 youngsters to the areas during supervised hours. With only three more weeks of playground activities, starting next week, children are urged to take advantage of the facilities while they are supervised.

Special events rest of the week include a pantomime contest Thursday, balloon contests Friday.

Special event winners last week:

Beech — Whistling contest: Norma Johnson, Frank Chiaravallotte, John Manno, Arthur Rossman, Christine Ciprich; tall tales: Karen Byrd, Helen Ulrich.

Airport — Whistling: Lyle Slack, Jerry Nichols; tall stories: Gary Holcomb; swimming: Marie Cummings, Denny Slack, Joey Slack, Bobby Lucia, Darlene Cummings.

Lacy — Whistling: Daryl Anderson, Dean Mong, Scott Hunter, Gary Valone, Danny Gribbin, Jimmie Fields; tall stories: Dean Mong, Rose Mary Valone, Ronny Knopf.

Crescent — Whistling: David Schumann, Steve Moore.

Beatty — Whistling: Alvin Whipple, Rocky Logan, Terry McMahon; tall stories: Alvin Whipple, John Gaghan; surprise day: Kurt Page, Allen Phillips, Keith Reynolds, Judy Benes, John Harper, Kathy Foley, Larry Beach.

## Many Sections of State Hard-Hit By Heavy Rains

PITTSBURGH (AP)—Thunderstorms with lightning and strong gusts of wind swept over southwestern Pennsylvania Monday night — flooding roads, damaging buildings and blowing down power lines. No one was reported hurt.

In Westmoreland County, the storm temporarily cut off electric power in Greensburg, Jeanette, Latrobe and Donegal. Heavy rains flooded several roads and spilled into cellars of homes.

Lightning set fire to a house in Greensburg, but the occupants extinguished the flames before much damage was done. Wind knocked down a wall of a firehouse being built for the New Hempfield Twp. Volunteer Fire Co.

In Pittsburgh, the storm dropped the temperature 14 degrees in one hour. Route 51 in the city's Overbrook section was temporarily flooded. At the Greater Pittsburgh Airport, wind gusts up to 80-miles-per-hour were recorded. Lightning struck several homes and hale damaged some crops in Washington County. In Cambria County, wind knocked down a barn on Mrs. Helen Noll's farm at Loreto, R.D.

In Indiana County, the storm felled utility lines and cut off service to Blairsville for two hours. Route 119 north of Indiana was temporarily blocked by trees.

Verkhoyansk, 92 degrees north of the Arctic Circle, is the world's coldest inhabited place. It has had a recorded temperature of 97.6 degrees below zero. It was once, and still may be, a Russian exile center.

## Grove City Man Is After Maryland Job

ROCKVILLE, Md. (U)—City Council is expected to pick a new city manager tonight and top contender among 76 applicants for the job is Walter Scheiber, 48, of Grove City, Pa. Scheiber and Mayor Alexander Greens arranged to see reporters at an afternoon news conference. The mayor said he expected no opposition to Scheiber's appointment to the \$11,000-a-year job. The council dismissed City Manager John H. Markland in May because of differences over policies and methods.

## Letter From Ambassador

(From Page One)

Tuesday (15) we met in a very interesting interview with the head of the Moslem Religion in this State Heiz al Vleina Kema. Later in the same day we met the head of the local daily paper (third largest in Yugoslavia), Oslobodjenje. Editor brought out one interesting point, saying that the papers were free to criticize policies of the government but not personalities. We have also visited a health center, a nearby mountain, local Chamber of Commerce and a museum. You can see that we are trying to visit as many different aspects of this complex society as we can in the short time we have here.

The people here have been of great interest to me. I was very surprised to see just how they go about their daily work and play. They are not, as many people believe, a tight-lipped people but rather they are very willing to talk and are always seen smiling. So far in my talks with many different people here in Sarajevo, I have yet to post a question that went unanswered. Most of these people are poor, and you would expect them to worry about money, food, etc., but you will find they never worry about anything. They just go on from day to day, their laughing and happy selves.

Yours very truly,

Bob Miley.

PITTSBURGH (AP) — Melvin Evans, 13, of Charlotte, N. C., drowned Monday in a swimming pool in the North Side section of the city. He was being visited relatives.

## Much Information Being Gathered By Explorer IV

CAPE CANAVERAL, Fla. (AP)—Explorer IV satellite is sending back a wealth of information on a hot field of radiation high in space.

Although in orbit only three days, the heaviest and most important U. S. satellite already has confirmed the existence of the killer rays at an altitude of 600 miles above the earth.

Dr. James Van Allen of Iowa State University, who directed the development and assembly of the satellite's complex instruments, said the data so far looks very satisfactory.

Explorer IV, which is expected to whirl around the globe for the next five years, records radiation energy and intensity on four counters and relays the messages on two radios which are expected to last for two months.

Meanwhile, the Air Force stepped up preparations for the first moon launching. It was learned the target date was set for sometime between Aug. 15 and 17.

The Air Force reportedly will attempt to shoot a satellite around the moon on a one-way flight. A three-stage version of the Thor-Able rocket will be the launching vehicle.

Army's first chance to shoot a moon probably will not be before November.

## Governor Faubus

(From Page One)

Faubus, who ordered state troops to block school integration, faced two opponents.

In strongly Democratic Arkansas, nomination is equivalent to election.

Should Faubus not win a majority today, he will face the runner-up in a runoff second primary Aug. 12.

The two candidates opposing the controversial incumbent — Chris Finkbeiner, 37-year-old Little Rock meat packing company executive, and Lee Ward, 51, of Paragould, Ark., a state court judge — both conceded Faubus an excellent chance to lead the preferential ticket. But they planned their hopes on forcing the governor into a runoff.

Both Ward and Finkbeiner have strongly criticized Faubus' action last September when the governor prevented nine Negro children from entering Little Rock Central High School by placing a cordon of National Guardsmen around the school.

After Faubus removed the state troops in face of a Federal District Court injunction directing him to cease interference, President Eisenhower sent regular Army paratroopers and federalized the State Guard to enforce the court-ordered integration. Finkbeiner and Ward said they too believed in racial segregation but prescribed only "legal" methods of maintaining it.

## Bomb Blast

(From Page One)

Shehab has been mentioned as a compromise candidate, but until now censors had eliminated such mention of him in dispatches from Beirut.

If the rebels and the government supporters do unite behind Shehab, he may be able to end the 81-day-old rebellion of anti-Chamoun forces who opposed his Western leanings and reported ambitions for a second term. An end to the rebellion presumably would result in the withdrawal of U. S. troops from Lebanon.

Despite the mounting signs of critical truce, there was fighting Monday four miles north of Lebanon's northern seaport of Tripoli.

## Haiti Rebel

leading into the interior. U. S. Ambassador Gerald Drew warned American residents here to keep off the streets.

Although the radio said "the enemy has two Americans with them," there was no identification by name.

President Duvalier has held office for the past nine months. During that period he has survived three conspiracies against his government.

Magloire was forced into exile after he tried to extend his six-year term as president with the backing of army elements. The Negro republic has seen little political peace since then. For a considerable period the army was the actual ruler.

COMMISSION ELECTIONS  
HARRISBURG (AP) — The State Fish Commission has re-elected President John W. Granoble of Carlisle, and Albert R. Hinkle Jr., Clearfield.

The men were elected for another year in office at the commission's annual reorganization meeting Monday.

under the military assistance program.

But since July 14 they have been prevented from continuing their work.

The British-built base, 60 miles west of Baghdad, was turned over to the Iraqis in 1955. But the British still had refusing and other privileges for transport planes, and a contingent of 1,020 airmen was here to operate air traffic control and other services. With the British are 270 dependents.

## Lad Frost-Bitten When Caught in Machine

SOUTH BEND, Ind. (AP)—A 16-year-old youth was in a hospital today with a frostbitten hand because he was afraid to call for help after it got caught in a soft-drink machine. He said he didn't want to be mistaken for a thief.

John Polinski said the mechanism began turning after he inserted a coin but it stopped before the bottle was delivered. He opened the top and tried to extract the bottle but the mechanism started again and caught his hand.

It was some time before his plight was discovered. Firemen had to dismantle the machine to release him.

## "Driving Tests" for Boaters Are Suggested

PITTSBURGH (AP) — Cmdr. Merton Hatfield, captain of the Coast Guard in Pittsburgh, says the number of boating accidents on district rivers could be reduced by legislation requiring "driving tests" for boaters.

Cmdr. Hatfield said Monday that boat owners also should be required to be able to read simple river charts and carry one with them while boating.

Two men drowned Saturday when their boat plunged over a dam on the Allegheny River near Pittsburgh.

Cmdr. Hatfield said the markings around the dam were clear.

## Lightning Bolts Kill At Least Seven Persons

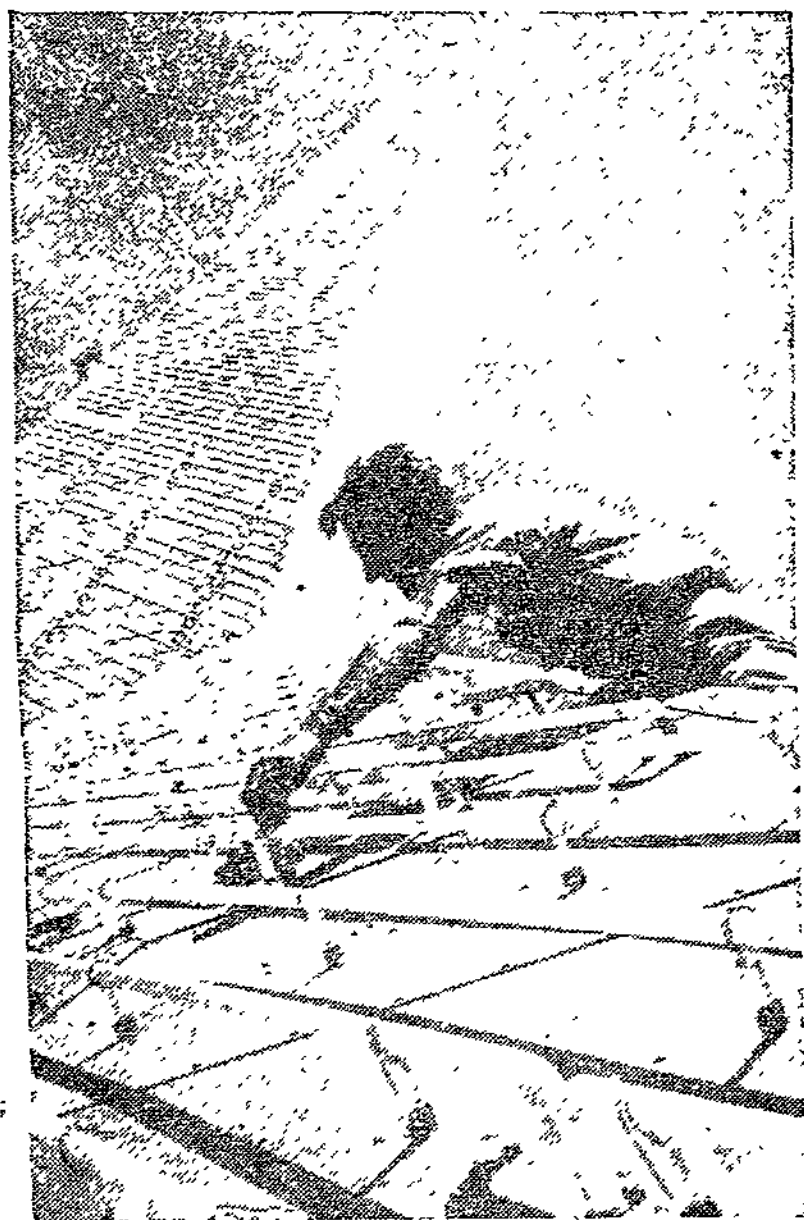

By THE ASSOCIATED PRESS  
Lightning bolts killed at least seven persons Monday night in storms which struck various sections of the nation.

# PICTURE NEWS

## AROUND THE WORLD

**WHAT NEXT?**—In Stouffville, Ont., three-year-old Suzanne Pellett is serving breakfast in bed to Spunky, a pampered pony. The animal faced death by starvation when his mother abandoned him shortly after he was born. Suzanne and her mother took him in, and now he's thriving on bottle feeding, a mattress, sheets and blankets.

**WORKING HIGH**—Fred Leyrer, 49, is undoubtedly the highest man in Dallas, Tex., when he changes a neon tube on the tower of the Republic Bank Building. He also changes the light in the beacon atop the tower, 598 feet above the street. Leyrer climbs a ladder inside the tower, then switches to another one outside to reach his destination.

**TIER DROPS**—White cotton organdy, embroidered with little pink flowers, falls in tiers like a wedding cake to create a new summer evening silhouette. Strapless and unfitted, the gown was designed in California, modeled in New York and can be worn anywhere in the world of style.

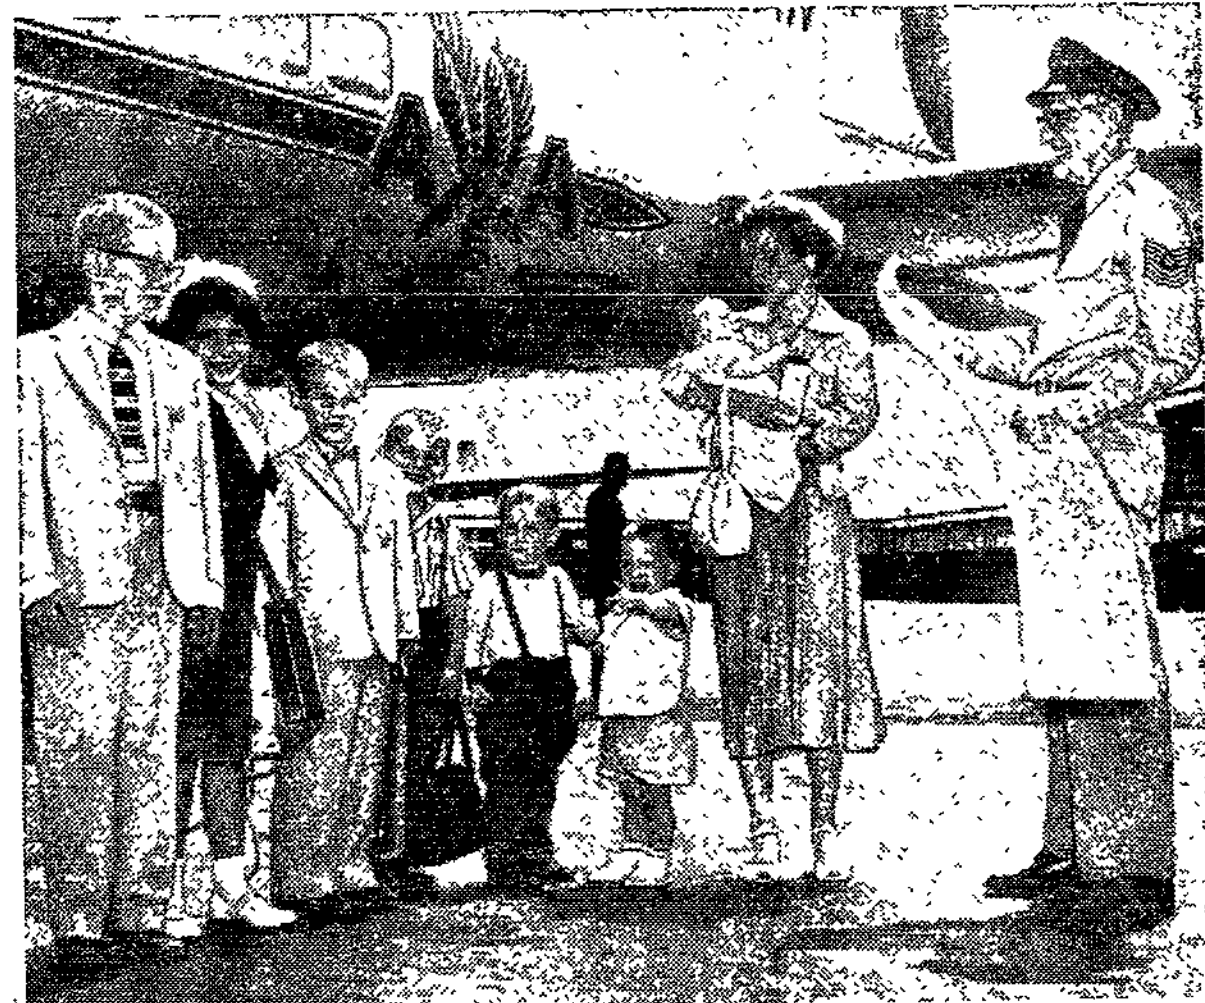

**A LOAD ON HIS MIND**—As he heads for a market, a street vendor trudges along beneath a towering basket in Karachi, Pakistan. The basket is empty, but when it's filled with fruit, a donkey cart will be needed to carry it.

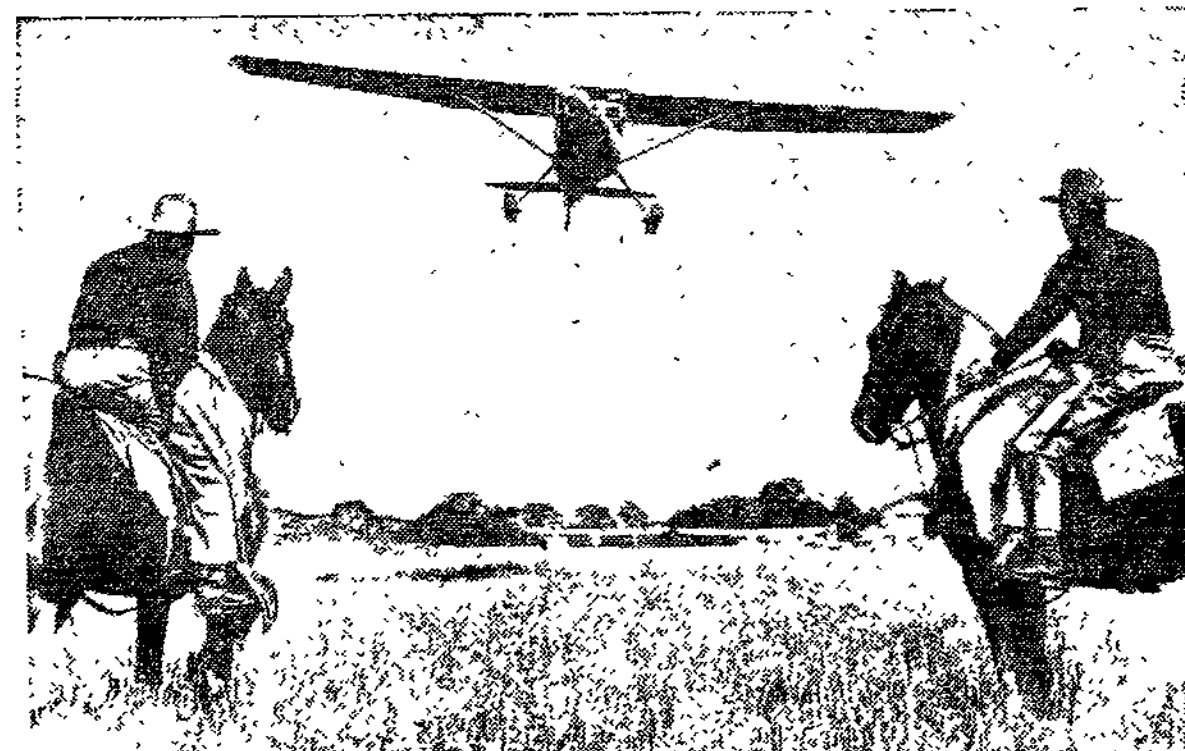

**VACATIONING**—Singing star Patti Page is making the most of things while staying at the Half Moon Hotel in Montego Bay, B.W.I. That luncheon buffet looks mighty good and certainly offers Patti a wide choice while she's on holiday.

**NOT WHAT IT WAS**—It's "Warren," a former railroad car which was retired from that business years ago in Topeka, Kan. It was made into a public health exhibit in the early 1900's, but it's not used for anything now. Young Orville Whitbriad is looking over the crumbling remains.

**ROLL CALL**—At New York's La Guardia Airport, Air Force Sgt. Hap Parsons checked the family roll before they flew to San Antonio, Tex., and a new assignment at Kelly Air Force Base. The nine members of the family had just returned from duty in Germany.

**NOT WORTH WHILE**—Breaking the law in Franklin County, Ohio, can be difficult. There's a 16-man horse patrol. And seven light planes which can be utilized by police for a manhunt. Walkie-talkie radios keep the planes and the men on horseback in close contact.

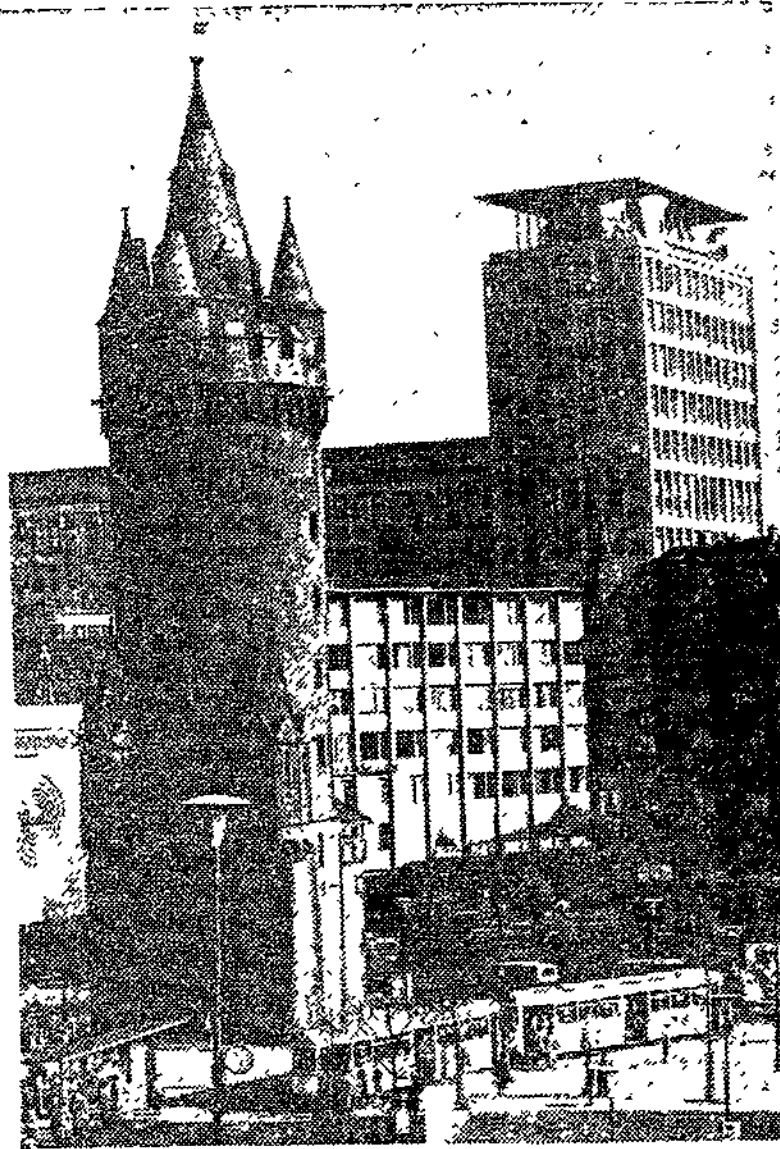

**BEAUTY BRIGADE**—It was raining in Manhattan, but these Miss Universe participants managed to brighten the scenery before they left for the contest in Long Beach, Calif. In front are Liliane Taelmans, left, Miss Belgium, and Gigitte Elisabe Gardman, Miss Sweden. Under the umbrella, left to right are: Alija Bobrowska, Miss Poland; Greta Anderson, Miss Norway, and Arminia Gonzales, Miss Cuba.

**LEARNING THE ROPES**—She was born in India, but 18-month-old Jaquine Vaucher isn't trying any Indian-ropes tricks in Hoboken, N. J. She had just arrived via ship with her parents, and they were heading for Salem, Ore., to visit her grandparents.

**BACK IN PLACE**—A giant lintel was lifted into a spot on the top of the inner circle of the Druid's Circle in Stonehenge, England. The Circle, popularly supposed to have been the worshipping place of the ancient Druids, is being reconstructed as a monument. Work on it is expected to be completed by next September.

**BY WAY OF CONTRAST**—Two kinds of towers—old and new—provide an impressive sight in Frankfurt, Germany. At left is a medieval tower, once the gateway to the old town. At right is the towering modern communications center of the Federal German Post, the biggest of its kind in Europe. Both are in the heart of the city.

**MOVING A SHRINE**—After a narrow escape from a bombed streetcar during World War II, thankful passengers in Rome placed a plaque on the nearby wall. The religious custom grew and the area soon became a shrine. Now the plaques are being removed from the Aurelian Walls, which date from 270 A.D., in order to preserve them. They're being transferred to a suitable place just outside The Eternal City. A woman is shown kneeling in prayer here.

## Two Car Crashes Are Investigated By Area Officials

Two accidents were investigated in the area, one Monday morning by State Police and the second early this morning by Borough Police.

At 11:25 a. m. yesterday, State Police investigated a car-truck accident on Route 27, about one mile west of Grand Valley. John Tkoch, 41, of Struthers, Ohio, was proceeding west on 27 when he approached a farm tractor. Slowing down, Tkoch was struck in the rear by a log truck driven by Clifford Teed of Titusville. Mrs. Jane Tkoch, passenger in her husband's car, suffered chest injuries and a laceration of the neck.

Damage was estimated at \$650 to the Tkoch machine, none to the truck.

In front of Times-Mirror at 1:45 this morning, an east bound vehicle driven by Charles H. Hollingsworth, Harrisburg, struck a car owned by Harry McCulla, RD 1, Warren. The McCulla machine was shoved 70 feet before it came to a halt in front of AAA office, corner Market street and Pennsylvania avenue.

Damage was estimated at \$75 to the Hollingsworth machine, \$500 to McCulla's. Hollingsworth was charged by borough police with driving too fast for conditions.

## Municipal Swim Pool Moves Step Nearer Reality

Warren's dream of a municipal swimming pool moved one step closer to reality today when it was announced that the Site and Construction Committee will hold its first meeting Wednesday night at 8:00 p. m. in the municipal building.

The Site and Construction Committee will be comprised of two members from each of the five civic organizations that have been spearheading the efforts to form an organization for a community swimming pool. These members will be appointed from the memberships of the Zonta Club, the Central Labor Council, the Warren Area Chamber of Commerce, Rotary, and the Warren Junior Chamber of Commerce. Five additional members of the committee will be chosen at a later date from other interested organizations, or any private citizen not necessarily a member of a particular organization may be appointed.

The committee will focus its attention tomorrow night on the preliminary organizational problems which have to be ironed out.

## "Y" News Memo Is Interesting Information Sheet

In an effort to keep officials, members and friends better informed concerning activities and plans of the local YMCA, General Secretary Julius Thorn has issued a "News-Memo" that contains much valuable data.

Reminding that "the YMCA is a lay membership organization" and much is accomplished through effective committee service, chairmen of standing committees appointed by President Alan H. Templeton for 1958-59 are listed as follows:

Annual meeting—Karl Timm; building and grounds—Hilmar Ross; Diamond Jubilee—G. Weston Ensworth; executive—R. L. Blodgett; financial—Myron Jewell; membership, James W. Potter; nominations and tenure—Ivan S. Brumagin; personnel—John Mallory, Jr.; physical education—S. Knox Harper; program—Charles Eaton; public relations—Nick Wendelboe, Jr.; youth work—Richard Betts; world service—Harold Hampson.

Program details are developed and implemented with the board's approval of committee plans, and much hard work has gone into preparation of a realistic budget for the year May 1, 1958 to April 30, 1959.

to be presented to the meeting of the Community Chest budget committee meeting being held today.

Pointing out that family memberships are now available, James Potter has arrangements in hand for the annual Enrollment Week November 11-25; and, looking ahead into the coming year, plans will be worked out for observance of National YMCA Week January 18-24, 1959.

Bob Hammerbeck, physical director, has had a full schedule throughout the year in pool activities, with 321 boys and girls taught to swim in beginners' instruction.

Working under the youth committee, headed by Mr. Betts, Charles Merroth is chairman of the camp committee and Jeff Riedel, boys' work secretary, directs the annual program at Camp Sherwin on Lake Erie.

The tennis courts are open daily to members, without charge, from 9:00 a. m. to 9:00 p. m., with reservations made at the desk, on Saturday, at 10:00 a. m., Jack Wendell and Charles Reese lend a hand with

tennis instruction for both girls and boys.

Something entirely new is forecast in plans for a Health Club, to get under way in early August under Knox Harper's physical committee, with Andrew Turick as physio-therapist for a program of infra-red lamp, ultra-violet lamp, steam cabinets, and massage to be made available.

Recognition of the board's efforts is also given in an average attendance figure of 81.7 for the past three years.

## Oddities in the News

BUFFALO, Wyo. (AP)—Lake Bugbee, Wyoming rancher, says his second childhood is coming rather late in life. Several weeks ago his friends noticed he was growing a new crop of hair on his previously bald head. Then he discovered a new tooth emerging through his lower gum. Bugbee is 98.

CHEYENNE, Wyo. (AP)—Indigestion may have killed a big Mackinaw trout found dead on the shore of Middle Piney Lake in Wyoming. Game and Fish Department officials said the stomach of the 26 pound fish contained a large ball of fish line, several large lead sinkers, three spinners,

one minnow hook, two regular hooks, one swivel and several bones.

OGDEN, Utah (AP)—City Dog Pound Master Jay Hebert showed police where a screen door had been ripped out and a door damaged. Officers rounded up four-footed suspects from the pound and pinned the crime on a watchdog with flecks of paint on its lips and teeth.

HOWELL, Mich. (AP)—A thief stole two new tires off of a car owned by Mrs. A. Wall of Howell. He replaced the tires he stole with two old ones.

DETROIT (AP)—Walter Ellison was granted a divorce after telling the judge he was satisfied his wife "will never come back." Ellison said his wife Sykey left him after two years of marriage—in 1927.

West Point football team in 1911 when President Eisenhower was a cadet player, died Monday. When the President met the general during a visit in 1953, he asked, "Oh, brother, are you as tough as you used to be?" Beacham was born in Brooklyn.

SHENANDOAH, Iowa (AP)—Winifred A. Brown, 75, head of a Midwest shoe retailing firm bearing his name, died Sunday of a heart attack.

## Mantle Finds Batting Eye After a Much-Needed Rest

By JOE REICHLER  
Associated Press Sports Writer

Apparently the rest cure was all Mickey Mantle needed to merge from his prolonged batting slump.

Handicapped by a sore right shoulder practically from the start of the campaign, the New York Yankee slugger had stubbornly shrugged off repeated suggestions that he take a brief rest. His batting average dipped as low as .270.

It took another injury — a bruised left forearm — to finally jolt the switch-hitting star into the team's current Western swing. Since returning

to action in the second game of this trip, in Detroit, Mantle has cracked 15 hits in 27 times at bat for .556. That seven-game surge boosted his mark to .294.

Mantle walloped two home runs and a single Monday night as the Yankees outslugged Kansas City 14-7. Gil McDougald of New York and the Athletics' Bob Cerv also slammed a pair of homers.

The victory, coupled with Detroit's 5-4 triumph over Boston, widened the Yankees' first-place margin over the Red Sox to 15 games. The Chicago White Sox snapped a fourth-place tie with Kansas City, shading Washington 6-5.

## Soviets Are Closing in on U.S. Leadership in Sports

By STERLING SLAPPEY  
Associated Press Sports Writer

MOSCOW (AP) — The Soviets are closing in, surely and speedily, on American leadership in sports. And even a controversial ruling and a debatable scoring system can't make it appear otherwise.

In the first United States vs. Soviet Union track and field meet, which ended Monday night, the Soviets outscored the Americans 172 points to 170, their women athletes defeated the "American women 63-44; and, most important of all, the American men could only defeat the Soviet men 126 to 109.

As the U. S. team packed to go on to meets in Warsaw, Budapest and Athens, the American women could look back with considerable pride on their performances here. So could some of the men. Unquestionably, the greatest feat of the two-day meet was Rafer Johnson's world record score of

8,302 points in the decathlon, wiping out his own accepted record and the unofficial 8,013 points made by his Soviet rival, Vasily Kuznetsov.

The only things that rankled a bit were the Soviet system of lumping together the scores of men's and women's competition and the disqualification of Gordon McKenzie in the 10,000 meters.

Mckenzie's disqualification in a controversial ruling cost the U. S. team a point. He tried to quit the 10,000-meter race and was sent back by Coach George Eastment. Soviet officials without hearing the American side ruled he was disqualified for leaving the track.

The American men won every running event up to 5,000 meters. Bill Dellinger finished second to the Soviet Union's Hubert Pyranankivi in the 5,000 by a matter of inches in a great performance and Phil Coleman finished second in the steeplechase.

American men scored one-two sweeps in 7 of 19 individual events and also won both relays. Of the 22 men's events, the U. S. won 14. But they had expected to score 8 to 10 points better.

## Pro Players Say They Don't Like Draft Contracts

By WHITNEY SHOEMAKER  
Associated Press Sports Writer

WASHINGTON (AP) — Bud Wilkinson, Duffy Daugherty, and Bowden Wyatt have told Congress they don't like pro football's player draft.

The three bowl-winning college coaches expressed the same low opinion of legislation designed to relieve professional team sports of many antitrust law restrictions.

Oklahoma's Wilkinson, Michigan State's Daugherty and Tennessee's Wyatt testified Monday before the Senate Antimonopoly sub-committee.

They hit the draft line harder than any witnesses since hearings began last summer.

"Very unfair," each said of the system by which National Football League teams acquire exclusive bargaining rights with designated college players.

They disagreed with NFL Commissioner Bert Bell, who contended that the league would collapse without a draft to equalize the strength of all 12 pro teams. They questioned whether one club could tie up all the good players.

Wilkinson, draft aside, declared he would recommend pro football only to men of superior skill. "A Sammy Baugh, a Sid Luckman or a Doak Walker." It might also help those with a definite goal, such as a career in law or medicine, to pay for advanced education, he said.

"Beyond that," he testified, "anyone who plays is making a bad mistake."

Of the exemption bill, Daugherty foresaw "a dangerous trend." Wyatt said he found no reason why sports should be "any different from any other business." Wilkinson said he "could not imagine Congress granting any group that special privilege—no group should be above the law."

## Pesticides and Toxins Killing Off Waterfowl

By DIONE HENDERSON  
Associated Press Staff Writer

This seems to be a year of unexpected hazards for waterfowl. If the pesticides don't get them, the toxins will.

First came the great West Coast mouse hunt, in which poison bait put out to combat millions of marauding field mice in Oregon and California killed off some thousands of geese before it was tracked down as the lethal agent and precautions taken.

Now it's bonalism, a usually fatal disease caused by the substances produced under certain conditions—when organic matter decays in stagnant water. California where 25,000 birds were killed in 1952, again is the scene of a major outbreak.

Some 4,000 birds have been killed in the 40,000-acre Tulare Lake area. There are nearly 100,000 ducks in the potential danger area this summer, but what's more important, a million more will be arriving within a couple of months as the summer flocks come home.

The U. S. Fish & Wildlife Service and the California Department of Fish and Game have rallied all the personnel and equipment available — including airplanes and aircraft to herd ducks move the birds out of the concentrations, in an effort to limit the damage.

## Hitters, Not Pitching, Are Holding Down 'Frisco Giants

By JOE REICHLER  
Associated Press Sports Writer

More and more it is becoming evident that the San Francisco Giants pitchers have been getting a bum rap.

For weeks critics have been claiming the Giants would be far out in front in the National League if only they had some respectable pitching. But, in fact, the hitters have been the guilty ones, not the pitchers.

Monday night's impressive route-going performance by southpaw Mike McCormick and right-hander Ruben Gomez in the Giants' 3-2 and 2-1 sweep of a two-light night double head-

er in Philadelphia furnished additional proof that the San Francisco hurling has been underrated.

In their last seven games, not including the resumption of last month's suspended game, Giant pitchers have permitted 20 runs, half of them in one game. During the same period, the hitters have produced only 10 runs.

It is to the pitchers' credit that with such feeble hitting support they were able to win three and tie one of those seven games Monday's double triumph boosted the circuit's Cinderella team to within one percentage point of the front-running Milwaukee Braves.

## Speaking of Sports

Good question: Will the President still throw out the first ball of the major league baseball season if the Senators pull out of Washington? Or will he go golfing instead?

Why don't they make another change in the method of naming All-Star game players? This year they ignored the fans because Cincinnati's ganged up and put too many Redlegs on the National League roster last year. They should bar managers from selecting the reserves, too, after the way Casey Stengel loaded up the Americans this year with his New York Yankees.

It's on to Mifflintown and a State Tournament berth for DuBois Teener All-Stars who earned the right to represent Area XI following their sweet 2-0 victory over Corry Wednesday evening at Wildcat Park in Ludlow. Thus, for the third consecutive year DuBois prevents Corry from a trip to the State Tourney. All three area championship series required the full three games. It was frustrating for Corry Teeners who had hoped to avenge the 1956 and 1957 disappointments. State Tournament commences this coming Thursday and continues through Saturday, Aug. 2.

American Legion Junior Baseball Championship Playoffs will be conducted in Berks County at Reading's Municipal Stadium starting Wednesday, August 20. President Eisenhower, Vice-President Nixon and U. S. Senators Martin and Clark set best wishes to the participating players for a successful tournament. The Legion's baseball program has been lauded for promoting "the principles and ideals of clean competitive sports (which) aid in the development of fair play and good sportsmanship." At "American Legion Day" ceremonies July 23, Legion officials and players will honor National Baseball Commissioner Ford Frick and the major leaguers who got their start playing Legion ball in Pennsylvania. Curt Summons, Joe Lonnett, Jack Meyer and Tommy Qualters of the Phillies.

Second annual "Comedy of Errors" between television station KDKA and Pittsburgh Press will be played prior to the Pirate-Chicago Cubs game Wednesday night. First "game" (?) will start at 7:30 with regular contest tabbed for its usual 8:15 p. m. beginning.

## Di Biase Winner Over Archer in Bloody Battle

NEW YORK (AP) — For the next two weeks Tony Di Biase will be training with the National Guard at Camp Drum in Watertown, N. Y. After Monday night's brawl at St. Nicholas Arena he could stand two quiet weeks at the seashore.

Di Biase won the 10-round scrap on a unanimous decision over Jimmy Archer, a fellow New Yorker, but it wasn't easy. Archer, streaming blood from cuts around both eyes, kept applying pressure to Tony all night long. It was a real tight finish.

Both judges, Tony Castellano and Jack Gordon, scored it 5-4 for Di Biase. Referee Harry Ebets made it unanimous 6-4. The A.P. card had the aggressive Di Biase on top 5-4-1.

Di Biase, 22, weighed 151, Archer, 149½, pounds.

Baker when the latter was sidelined for the season following a left knee injury July 13 followed by an operation. Harry was battling 309 with Sacramento of Pacific Coast League when purchased. He bats and throws right-handed, stands six feet and weighs 177 pounds. He reported in time for the opening of Buca's 14-game home stand last Tuesday against Los Angeles.

## Marlow Looks At the News

(From Page Four).

If the discussion went further than the Middle East, other nations would want to be heard. In short, as he said, this would no longer be just a summit meeting. In fact, it could turn into a free for all.

On July 25 Eisenhower wrote Khrushchev another letter. He added something which he hadn't mentioned before. He said any summit meeting in the Security Council should be governed by rules of the Council.

Presumably this meant voting, which was just the opposite of what Macmillan and Khrushchev had talked of. Eisenhower went further: before there was a summit meeting in the Council, he said, the big powers' delegates there should work out arrangements for the conference.

Macmillan went along with Eisenhower—to the extent of saying the delegates should make the summit arrangements. But de Gaulle still wouldn't go along. He suggested a summit meeting limited to the big powers somewhere in Europe.

Khrushchev accused Eisenhower and Macmillan—with their proposal that the delegates arrange the meeting—of trying to stall off any summit meeting at all. He said those same delegates have been unable to agree on what to do about the Middle East.

And he switched from his agreement to go to New York. Teaming up with de Gaulle's idea, he proposed Monday that the big powers meet in Europe.

The White House said Eisenhower still sticks to his idea about having the meeting in the Security Council the way he proposed. That about wraps it up.

Johnny Bizzaro is anxiously awaiting August 7 when Willie Pep, former featherweight champion of the world, will be in Erie with PALS fighters, opening the new PALS gym by working out there about noon.

Pep is now in training for a bout in Painesville, Ohio, August 9 against Jessie Rodriguez. Johnny will box three rounds with Pep. The 35-year old Pep is getting a crack at featherweight champion Hogan (Kid) Bassey in September. Don Elbaum is promoting the pro card, hoping to have pro and amateur cards on alternating every three weeks bases in Erie.

Meadville Bulldogs will open their 1958 grid campaign against Greenville September 12. Tom Duff is coach of the Bulldogs, who, last season, racked up a 9-0 record, then tied Titusville for Section Two crown with a 4-0 mark, but was called off due to Asian flu. Jamestown, Neshaunock and Academy have been added to Meadville's 1958 schedule. Sharpville, East and McDowell dropped. Duff, in his first year at the Bulldog school last season, built a solid powerhouse. Meadville mentor had a 24-6 record at Central Catholic in Steubenville, Ohio, before coming to Meadville.

Two Erie golfers will tee off tomorrow in National USGA Junior Golf Tournament in St. Paul, Minn. Dave Kraus, 16-year old Academy ace and Pierce Harper, won qualifiers at Cleveland. Kraus with 77, Harper posted a 79 for fourth. Harper will tee off at 9:17 a. m., Kraus will take his turn at the number one tee at 3:14 p. m. If the Erie lads win, Harper will play Tuesday at 8:35 a. m. and Kraus at 11:37 a. m.

Erie Stadium Speedway tonight will have two-wheelers zooming their way around the track. Motorcycle races, featuring top Erie and area drivers, will make their debut at 8 p. m. tonight. Erie's Dick Koos, twice Pennsylvania State champion, will be in the field. Ten-lap semi-final and final races will highlight the program.

Three Buffalo pro grid games have been announced for coming season. August 17, Chicago Cardinals against Chicago Bears; Pittsburgh Steelers and Baltimore Colts Sept. 6; Chicago Cardinals and New York Giants Sept. 28. Tickets for the games may be purchased from: Police Athletic League, Room 511, Buffalo, with check or money order attached. PAL is sponsor of the events.

## Officer Cites Difficulties Of Enforcing Laws in State

HARRISBURG—Present difficulties of law enforcement are the result of a consistent effort of law-making bodies and courts to hamper police action and destroy their efficiency.

This statement was made by Police Chief Lester J. Carpenter of Ambler, president of the Pennsylvania Chiefs of Police Association, as law enforcement officers of the state began to assemble here for the organization's annual convention.

The three-day meeting started Monday and ends Wednesday.

The association president referred specifically to the Supreme Court ruling which opened the files of the FBI to the defense. It was quickly followed as a precedent by numerous courts throughout the country.

The president said: "In Pennsylvania in a murder trial, the state police were ordered by the court 'to produce and display' their evidence to the defense. There has also been a succession of decisions regarding the holding of a prisoner before arraignment. Some courts accuse the police of holding them too long; others of not giving the prisoners sufficient time to reflect. Important police techniques have been abolished—wire tapping, the right to hold for a reasonable time on suspicion, the elimination of criminal registry, plus a dismal failure to iron out the mixed juvenile delinquency situation. To me it is a clear case of not only too many crooks, but too many cooks."

Carpenter was joined in his stand by Chief Paul E. Rouzer

of Altoona, incoming president of the association, and Chief Lawrence L. Kendig of Plymouth, chairman of the executive committee.

"Police are organized and are paid for one purpose," said Rouzer, "the protection of a community. But many individuals have taken the stand of practically daring the police to do their duty."

"We still feel that the juvenile delinquency situation is one of our greatest stumbling blocks, and the FBI crime statistics support that contention in stressing the fact that juveniles were responsible last year for nearly half of the major crimes committed."

"Unless proper detention facilities are provided and vicious brutal teenage crimes are met with adult punishment, it will be impossible for the police to wage an aggressive fight against these unfortunate statistics. It is mandatory that we walk with a bold, firm step in our war on crime and not be forced into a pussyfooting approach."

Six hundred law enforcement officers, representing state, municipal, federal, and industrial organizations, will analyze problems during the three-day convention. The 1958 Pennsylvania Chiefs of Police Association Juvenile Report will be submitted today and is expected to clearly define the association's stand on this condition.

Chief Philip Choles of Oil City is among the officers attending the convention.

## Surgeon General Issues Another Warning on Polio

WASHINGTON (AP) — The U. S. surgeon general has issued a new warning urging 40 million Americans under 40 who have not had polio shots to get them.

Dr. Leroy E. Burney said in a statement that incidence of the disease has varied through the years, even before the development of the Salk vaccine.

"Should 1958 prove to be a year of natural high incidence, it is possible that there will be many cases among the 55 per cent of the population under 40 who are not fully vaccinated," he said.

Burney said it was known that 1956 and 1957 were years of natural low incidence because there was relatively little polio among unvaccinated persons.

Burney pointed out that the polio season is just starting. He said the 52 paralytic cases reported during the week ended July 19 was the highest total for any week this year.

It also was the first time a 1958 weekly total had exceeded the cases in the comparable 1957-week. A year earlier there were 50 cases for the week.

"For maximum protection the full series of three shots are needed," Burney said, adding: "While the Public Health Service has recommended a series of three shots on a mass basis as a public health measure to give high levels of protection to the greatest number, physicians in individual cases may well recommend and parents may wish a fourth or booster injection of vaccine to be given a year or more after the series of three."

## News of Hollywood

By BOB THOMAS  
AP Motion Picture Writer

HOLLYWOOD (AP) — Gary Crosby, a chunky, blond replica of his famous father, Bing, is back from the Army to launch his own career—and doing right nicely.

Without even a breather, he jumped out of Army khaki into a cadet's uniform. He plays a student soldier who has a spree in New Orleans, along with Pat Boone, Tommy Sands and Richard Sargent. The picture: "Mardi Gras."

In addition he has TV guest spots, a record contract with Verve, talk of more movies and the chance to play Las Vegas.

Does all this make him happy? Well, not really. Bing has laughingly called his eldest son a "bundle of bitterness." There's no doubt that Gary, 24, is a serious young man, though he has a ready wit and, like his father before him, sings snatches of songs between scenes.

Perhaps his seriousness is the normal veteran's anxiety to make a go of it after returning from

the service. Also, it appears Army life did not agree with him.

"How's that? I recalled that his pa once remarked that the Army would do a world of good for Gary."

"That's HIS story," Gary retorted. "He's never been in the service. He doesn't know what it's like."

The lad readily admitted he is no walking recruiting poster. He blames service life for physical troubles he is now enduring. For one thing, a bad stomach.

Gary tends toward beefiness. He was over 200 pounds in his football days.

"Now I'm down to 178, about as far as I can go," he said. "I'm big-boned and heavy muscled and I get weak if I weigh any less. Diet? Nope, I didn't need to. I just don't eat much since the Army. Bad stomach."

He said he also developed a neuro-convulsive condition for which he takes treatment. But he denied reports he consults a psychiatrist.

"The doctor I go to is also a psychologist of something like that," he said, "but he's no head-shrinker."

Gary spent much of his time in Germany, appearing on the Army radio and touring camps with an entertainment troupe.

## Men in Service HAS PROMOTION

Word has been received by his family that 2nd Lt. Casper J. Scalise, serving with the Air Force in Korea, has been advanced to first lieutenant's rating. He is due back in the States in September, his next assignment to be at the special weapons base in New Mexico. Lt. Scalise is the grandson of Mr. and Mrs. Casper Scalise, 1123 Sechrist street.

Ben Van Alstyne has been head golf coach at Michigan State for 26 years.

## FOUND: A NEW USE FOR DISCARDED TELEPHONE POLES

Deciding to give their Scouts a means of letting off excess steam while providing good exercise for the boys, two Scout leaders, Jack Skinner, left, above, scoutmaster of Troop 9 of First Methodist church, and Dennis Bonance, right, Scout committeeman, Troop 8 of First Presbyterian church, have constructed an ingenious obstacle course out of discarded telephone poles. The course is located on Conewango Avenue extension, and land for the project was loaned to the Scouts by L. P. Krespan of 12 Myrtle street. Needless to say, the boys have made good use of their new playground, as the pictures accompanying testify. Photo at top, right, shows Bert Alexander, Troop 9, going under one of the devices, lower cuts show a group of boys climbing for all they're worth, while Bob Colter, lower right, displays his skill on the horizontal ladder. When pharmacists compound your prescriptions, you place your health, even your very life in our professional care.

First we carefully read the prescription and then select the exact ingredients specified by the physician. All drugs must be potentially fresh and of the purest possible grade. Next, after checking the dosage and ingredients again for accuracy, we compound them, record the prescription by number and date, and place in a container labeled with directions for use. We must always do our best. To do less is unthinkable.

YOUR PHYSICIAN CAN PHONE 467 WHEN YOU NEED A MEDICINE

Pick up your prescription if shopping near us. A great many people entrust us with the responsibility of filling their prescriptions. May we compound yours?
